

Carbon Reduction Plan

1. Net Zero Commitment

Rathin Med Ltd is committed to achieving Net Zero greenhouse gas emissions by 2050, in line with the UK Government and NHS Net Zero Supplier Roadmap.

2. Carbon Reduction Initiatives

Rathin Med has already implemented or plans to implement the following measures:

- Sustainable Procurement - Partner only with OEMs certified to ISO 14001.
- Transport & Logistics - Prioritise Sea freight over air freight for imports.
- Packaging - Use recyclable/biodegradable packaging for all products.
- Renewable Energy - Transition UK office to 100% renewable electricity by 2030.
- Business Travel - Reduce flights by 50% by 2030 through virtual collaboration.
- Product Innovation - Develop eco-friendly product lines (e.g., Go Green Socks).

3. Governance & Reporting

- Progress will be reviewed annually by the Directors.
- CRP will be updated annually in line with PPN 06/21 requirements.

4. Declaration & Approval

This Carbon Reduction Plan has been reviewed and approved by the Directors of Rathin Med Ltd.
